

MT. STERLING ADVOCATE.

"FIRST TO LAST—THE TRUTH: NEWS—EDITORIALS—ADVERTISEMENTS"

VOLUME XXIX.

MT. STERLING, KENTUCKY, THURSDAY, MAY 13, 1920.

NUMBER 61

Early Completion of Road Assured

No. 9

The Advocate learns that progress already made by several counties on State Primary Road System Project No. 47, running from Bardstown to Ashland via Winchester, Mt. Sterling, Owingsville and Merohead, is much more substantial than even the Montgomery County Good Roads advocates had hoped for. The significance of this is in the fact that it fore-shadows the comparatively early completion of the entire project.

Upon the authority of an engineer of note, a gentleman who was himself State Road Commissioner for Kentucky for a number of years, it may be stated that the construction cost of a permanent type of road on the thirty-one miles of the new State Primary Road System in Montgomery County, exclusive of bridges will run around twenty-five thousand dollars a mile. As a matter of fact, he believes that the Midland Trail section, from Clark to the Bath County line, will run less than that figure.

In Carter County bids are now being asked for on construction of fifteen miles from Olive Hill to Grayson, one-half the cost of which is paid for from the Federal Aid Fund available for the Midland Trail Project.

In the adjoining county of Clark, also receiving Federal Aid on the construction of the road from Winchester toward Lexington, work has already been started on the contract recently let. The gentlemen who figured on the successful bid inform the Advocate that the reason for the cost running into figures higher than previous bids for construction in Fayette, Rowan and other counties in this section was extraordinary expense involved in two short stretches included in the six miles for which the specifications called.

Out from Winchester, toward Lexington, a culvert, now fifteen feet wide, was extended in the specifications, to twenty-four feet in width, entailing grading for approximately one hundred feet, and concrete construction, the figures for that particular job approximating forty-four thousand dollars.

Further on out from Winchester the specifications called for eliminating a dangerous curve, necessitating cutting through a ledge some fifteen feet deep for a considerable distance, at a cost approximating ten thousand dollars.

The Advocate is glad to contribute this information for the benefit of

WHISKY ODOR BUT NO WHISKY

A car consigned to the local distillery rolled into town a few days ago. The fumes, the aroma, the delightful bouquet, or by whatever term you please to designate the smell of whiskey, was pronounced. Keen-scented darkies passing by took a prolonged sniff. The plot was laid. That night a carefully planned raid was executed. Boards tightly nailed across the car door were pried off, the car was entered, hoops mounted high and then a perfectly good carload of empty whiskey barrels was found. The recording angel will give the prospectors credit for replacing the boards, nails and all.

SUGAR CAR GUARDED

Yes, sugar comes high. A car of the precious saccharine product consigned to a Mt. Sterling wholesale grocery house, arrived here on the night freight Monday. An armed guard was on duty to protect the car from marauders. The precaution was taken because sugar raiders have broken into and robbed cars loaded with sugar recently.

For a nice piece of home killed beef or pork go to the Wilson Meat Market.

NO BIDS RECEIVED

At the meeting of the City Council Tuesday at which time bids for city streets recently ordered paved were to be passed on, the matter was deferred to the next regular meeting. No bids at all have been received and it is likely the contract will again be advertised.

Lime at the Mt. Sterling Commission and Storage Company is worth \$2.50 per barrel.

those who, while otherwise in favor of the proposed steps to be taken by Montgomery County in making it possible for the county to be relieved of the expense of upkeep on the thirty-one miles covered by the state system, were inclined to hesitate if construction costs were suddenly to rise unduly.

The main point to remember is that the cost of construction comes out of the state road fund, and that the state road fund is made up of taxes collected from all of the counties, supplemented by Federal Government funds available for certain designated Federal Aid roads. Montgomery will pay her share of the state and federal taxes from which the road funds are created, whether she elects to have some of the construction carried on in this county in the near future or not. If not, then her share of the taxes go to constructing roads in other counties.

ROGER D. BARNES FOUND DEAD IN HIS STORE THIS MORNING

Roger D. Barnes, aged 46 years, proprietor of the Sanitary Meat Market, and one of this city's most prominent business men, was found dead in his store shortly before 6 o'clock this morning.

The body was discovered by Daniel Boone, an employee of Mr. Barnes, when he came to open up. The front door was found locked from the inside and Mr. Boone went through the store of Chenault & Orear and upon entering the rear door found Mr. Barnes lying back of the refrigerator on the floor. He was still alive, but died before a physician could arrive.

Mr. Barnes had been in poor health for some time, but appeared on yesterday to be as well as usual and left the store last night in company with Mr. Boone at 9 o'clock, stating that he was going home. His death was caused by an overdose of strychnine.

The sad end of Roger Barnes cast a gloom over the entire community. He was a big-hearted, whole-souled, public-spirited citizen, deeply inter-

ested in any movement that would redound to the benefit of his fellow-citizens. He was popular with classes in all walks of life and was a genial, good-natured friend and companion. He was a member of the local Masonic order, being a Knight Templar, and was deeply interested in the work of this order.

He is survived by his wife, who before marriage was Miss Adelaide Stewart, daughter of Mr. and Mrs. Charles Stewart, of Winchester, and four children, Kelly, Sue, Charles and Robert Jefferson. His father and mother, Mr. and Mrs. T. K. Barnes, and two brothers, Robert M. and John, also survive.

The heart of the entire community goes out to the devoted wife and loving little children and to them and his aged parents may God in His infinite wisdom be very close in this, their saddest of all sad hours.

The funeral will be conducted from the residence tomorrow at 2:30 o'clock with services by Rev. Clyde Darsie and burial in Machpelah Cemetery.

Baseball Tomorrow

The baseball team of the Mt. Sterling High School will cross bats with the team representing the Clark County High at the Fair Grounds Friday afternoon at 3:30 o'clock. The local boys have a splendid team this year, having won five out of six games played. The teams for tomorrow's game are said to be evenly matched and a hot contest is looked for. The boys deserve encouragement and it is hoped a large crowd will witness tomorrow's exhibition.

JERRE COLEMAN DEVELOPS PNEUMONIA

Jerre Coleman, who was operated on at a Lexington hospital last Saturday for appendicitis, has developed pneumonia and is said to be in a serious condition. Mr. Coleman is one of the proprietors of the Delicious Cafe and one of the most popular young men in this city. His host of friends are hoping and praying that his life may be spared.

MRS. GRUBBS INJURED

Mrs. C. D. Grubbs fell from a porch swing Tuesday and received painful injuries. Mrs. Grubbs was standing in the swing attempting to hang a flower basket when the swing broke, throwing her to the porch. She went to Lexington yesterday to have an X-Ray examination.

HORSE RUNS AWAY

A horse driven by Mrs. Mary Guilfoile became frightened when a wheel came off of the buggy while coming to town in front of the residence of H. B. Ringo on High street shortly afternoon today and began running and kicking. The horse was stopped by C. B. Stephens in front of the residence of Steve Pieratt and although Mrs. Guilfoile was thrown beneath the vehicle she escaped without injury. She displayed remarkable nerve and held onto the lines with a stout grip until removed from the overturned buggy.

Reid Rogers Place Sold to Syndicate

The beautiful residence and 20 acres of land belonging to R. Reid Rogers, of New York, lying on Lexington avenue, was sold today by the owner to the Buckley-Geary Realty Co., of Lexington, who will at once lay off lots and put on a big sub-division sale sometime the latter part of this month. The price paid, while not made public, was in the neighborhood of \$45,000. This is one of the most beautiful sites for a subdivision in Mt. Sterling and it is freely predicted the new owners will realize a handsome return on their investment.

INSTRUCTIONS ARE BINDING SAYS CONGRESSMAN CANTRILL

Discussing the question raised in Washington in regard to the force of instructions placed by the Louisville convention on Kentucky delegates to the Democratic National Convention at San Francisco June 28, Representatives A. W. Barkley and Ben Johnson, two of the Kentucky delegates at large, Saturday, stated that they construed the instructions to bind them in good faith to support Governor Cox, of Ohio, for the Presidency until he is nominated or until they are released by Governor Cox's manager.

Mr. Barkley opposed instructions, but since they have been placed upon him he regards them to be binding.

Representative Cantrill, who was one of Cox's managers in the Kentucky fight, ridiculed the idea that the instructions adopted by the State convention had no binding effect. He said he was "satisfied with the proceedings," of the convention and that the Cox men in Kentucky "made a wonderful fight."

WOOL WANTED—Highest Price Paid. Get our sacks at Sullivan's Poultry Yard.—L. W. LEE, TOM GREEN. (4t-tt)

Kentucky Wheat Crop Reduced to One-half

The wheat crop in Kentucky this year will be just about one-half of what it was last year, according to the May crop report issued jointly by the Commission of Agriculture W. C. Hanna and T. F. Bryant, Kentucky field agent of the U. S. Bureau of Crop Estimates.

Last year Kentucky produced 12,029,000 bushels and the estimate for the crop this year is placed at 6,143,000 bushels.

Probable rye production is estimated at 624,000 bushels compared to 744,000 bushels last year and tame hay at 1,410,000 tons compared to 1,561,000 tons produced last year. Actual production this season may prove greater or less than these estimates, depending on whether conditions are particularly favorable or unfavorable between now and threshing time and hay harvest.

Heavy reduction of wheat acreage in Kentucky last fall, late sowing, poor condition this spring and abandonment of 14 per cent. of even the reduced acreage that was sowed, are the chief conditions warranting such a low estimate of the wheat crop.

Rye came through the winter a little better than wheat, but still much below average. Wheat acreage left for harvest is now estimated at 618,000 acres compared to 1,046,000 last year; condition this month is 71 per cent. of normal compared to 103 per cent. this time last year.

WORLD'S LARGEST HOTEL TO BE ERECTED IN CHICAGO

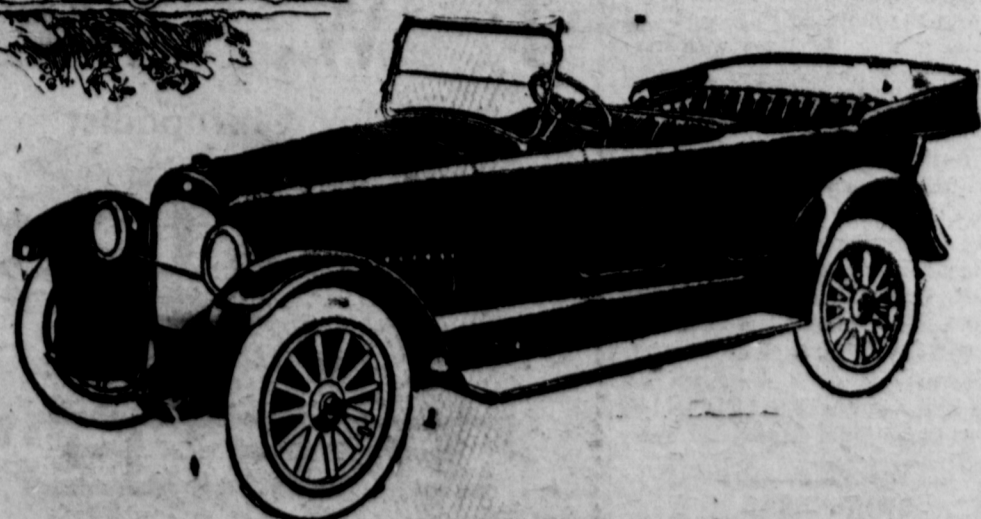

Plans for the largest hotel in the world were made public Saturday. The hotel will be in five units, with the present Edgewater Beach Hotel as one unit, and will front three city blocks on Lake Michigan and Sheridan road, Chicago. The architects have planned 4,000 rooms. The cost is estimated at \$15,000,000.

The Wilson Meat Market is again selling fresh meats and everything that goes over the block is home killed.

REPRESENTATIVE FIELDS TO MOVE TO ASHLAND HOME

Representative W. J. Field was in Ashland this week and bought a site for a new home. He will build a ten-room modern brick and stone residence and will move his family there from Olive Hill.

The best crushed hard stone to be used in concreting can be had at the Mt. Sterling Commission and Storage Co.

Nash Six Seven Passenger Car Is Popular for Long Trips

The Nash Six Seven Passenger Car has more room than the ordinary car of its type and the extra space adds greatly to long trip comfort. In severe owner service in all parts of the country this car has evidenced its dependability and economy. Its Nash Perfected Valve-in-Head Motor makes it unusually powerful and quiet under all conditions.

PRESIDENT STANDS FIRM THAT ELECTIONS WILL TELL

President Wilson has definitely accepted the challenge found in the Republican effort to declare peace with Germany and Austria by resolution. Confirmation of this understood intention of the President was given today in an authoritative way by officials who reflect the President's view and who are supposed to have made the announcement by his authority.

The statement was flatly to the effect that the President would veto the resolution offered by Senator Knox, Pennsylvania, now pending in the Senate, declaring that the state of war existing between the United States on one hand, and Germany and Austria on the other, was at an end.

Doubt no longer exists that the President is more than willing that the Versailles treaty and League of Nations covenant shall be made a foremost issue in the coming Presidential political campaign. In advising his party supporters in the Senate that he does not wish them to delay action on the Knox resolution, the President shows that he is anxious to bring the issue before the country as soon as possible, and preferably prior to the National Convention of the two major political parties.

Hanging Just Fun For Farmer Burns

Made a Wager That He Could Be
Hanged on a Regular Scaffold
and Sustain No Injury

"Farmer" Burns, the great old-time wrestling champion, who discovered Frank Gotch and taught the Iowa farmer all he knew, was born to be hung, but not to die that way. Hanging did not inconvenience him at all. He tried it once on a wager and a small wager at that. They arranged a regular scaffold with a three-foot drop, adjusted the hangman's noose with the knot snuggled under Burns' left ear, according to custom, and sprung the drop.

The wrestler's 160 pounds brought up with a jerk that made the rope hum like a fiddle string and he hung suspended by the neck for nearly 3 minutes. Throughout that time he carried on a conversation with the bystanders, joking and kidding his "executioners." He was cut down none the worse for wear.

How did he do it? He had exercised and strengthened his neck muscles through long years of training so that they were strong enough to prevent the construction of his windpipe even from the pull of the hangman's noose. In those days, the strangle hold was not barred and Burns had trained himself so that when Strangler Lewis or any of the other strong-armed grapplers secured and applied that hold the farmer could work his head free from the dangerous grasp.

You do not have to flop to the wrestling mat to have the strangle hold applied to you nowadays. Hard luck or hard times or illness or disaster or old age may shut your financial wind off at any time, and gradually force your shoulders closer to the padded canvass until the slap of the referee's hand on your opponent's back declares you the loser of the struggle.

But you can strengthen your neck, just as Farmer Burns did. Constant and regular exercise in saving will do it, the putting aside of a certain definite amount of the envelope each pay day. Burns used weights to exercise his neck muscles. War Savings Stamps, Treasury Savings certificates and Liberty Bonds are the best apparatus for financial exercise. They can be adjusted to the financial strength of any neck, rich or poor.

**C. & O. Engineer Has
Terrible Experience**

C. T. Harry, of Ironton, Ohio, Able to Return to Work

C. T. Harry, of 409 North Fourth street, Ironton, Ohio, is back on the job again, feels fine and hasn't missed a day's work since he began taking the Reese Formula R-11. In a statement Mr. Harry says: "I have suffered for years with stomach trouble, my liver and kidneys were also effected and until I began taking the Reese Formula R-11 I was unable to work more than half the time and despaired of ever being well again. Eating was torture to me. I was bilious, bloated, couldn't sleep, would get up in the morning tired, nervous, irritable and weak. I tried a number of doctors and every remedy I know of. At last the Reese Formula was recommended to me. I bought a bottle and after the second day I began feeling better and was able to return to work.

I have taken two and a half bottles and don't believe I ever felt better in my life. I sleep well now, and get up in the morning refreshed and vigorous. The trouble with my stomach, liver and kidneys have all disappeared and I feel stronger in every way.

My work requires me to be up at all hours of the day and night and naturally my meals are irregular, but that doesn't bother me now. I consider the Reese Formula R-11 the best stomach, liver and kidney remedy as well as a tonic and system builder to be had at any price, such at least has been my experience."

The Reese Formula R-11 is sold by Wm. S. Lloyd Drug Store, and every druggist everywhere.

SWINEBROAD

Reports a Splendid Sale in Madison County

On May 4th, he sold for M. A. Collins 94.77 acres of unimproved land about a mile from Richmond at an average of \$366.33 per acre. The

farm was subdivided and sold in separate tracts and some of the land sold for \$650 per acre.

S. G. Hisle purchased 7 tracts at an average of \$480.00 per acre.

B. Current bought 7 tracts at an average of \$458.00 per acre and Mr. Shearer 2 tracts at \$185.00 per acre.

Mr. Collins was well pleased with the price and the way the sale was

conducted. Swinebroad never has any by-bids at his sale and always advertised that way and the land buyers attend his sales knowing they will get a square deal and no "fake" sales will be reported.

Swinebroad tells us he has several more sales booked, watch for his advertisements.—Central Record, Lancaster, Ky.

Your Tire Bills

YOU can save the price of from four to seven inner tubes this year.

Put this money in your pocket by fitting out with Lee Puncture-Proof Tires—extra heavy, finely made tires, road-proofed with the three patent disc-layers, a distinctive Lee feature, absolutely unpuncturable yet pliant and "frictionless."

Your saving in tubes alone will bring down the cost of Lee Puncture-Proofs to about that of ordinary tires.

Put Lee Puncture-Proofs on your car.

Know, in advance, exactly what your tire and tube bills will be for the next twelve months.

In addition—you save time, temper and the annoyance of changing tires on the road.

FACTS and FANCIES

(By Mack)

Cheer up, no matter how dark the night, there's always moonshine.

Perhaps "Pussy foot" Johnson came back to this country to get both eyes fixed alike.

With a little more practice in proving that the war has been a failure Admiral Sims will be able to qualify as a republican presidential candidate.

Jews ask aid from America runs head line—What's that for, don't they own it now.

If any of the republicans in the state haven't received their appointment as Colonel on Governor Morrow's staff they shouldn't feel neglected. The Governor hasn't come to their names yet.

Commissioner of public property at Lexington states there were over a hundred empty whiskey bottles taken from one party in that city. Is it any wonder that they are forming friendship clubs.

Feathers on their shoes is the latest fad for the girls Lone brave designer suggested they wear wings on their shoulders and police protection is the only thing that saved him.

Why don't the republicans nominate Booker T. Washington for President, he couldn't be any deader than their leading aspirant.

If automobile owners continue to look in their gasoline tanks with a lighted match, the oil companies will soon declare another big dividend.

We suggest that during the paper shortage that the merchants discontinue sending out "duns".

The race followers at Lexington must have drank up that city's supply of "booze" Lexingtonians are forming a friendship club to explore the state.

Place of abode in Mt. Sterling—Never known to strike—Shows face only in day time—On the job every night—Never asks for credit—but gets by on tick—Looked at by every woman in Mt. Sterling—Hands are never idle—Yes, little Willie you are a smart boy we are referring to the town clock.

A FUNDAMENTAL DIFFERENCE

The latest thing in political analysis—the man who sees no longer any difference between a Democrat and a Republican—has to look no further than the House of Representatives at Washington to find an issue that has been fundamental between the two parties since the day of their birth.

A bill, providing a bonus of something like \$2,000,000,000 for soldiers who served in the late war is to be passed, and the House is just now wrestling with the problem of where to get the money to meet the appropriation.

The Republicans propose that it shall be raised principally by a tax of one-half to one per cent. (the exact figure yet to be determined) upon all sales made in this country for the next year. The tax would, of course, be added to the cost of the article.

KELLER'S

"THE QUALITY HOUSE
THAT SERVICE BUILT"

and would fall upon that oppressed and long suffering individual, the ultimate consumer, who usually bears the burden of taxation.

The Democrats are contending that the revenue shall be derived by a tax on war profits, and not on individual sales. They believe that those who were made rich out of the war should furnish the money to pay for the sacrifices of those who served in the war. They point to the fact that the war created 23,000 new millionaires in the country, and it is these men, not the common people, who should bear the burden of this new taxation.

This is the issue, stated briefly, which is now joined in the House of Representatives at Washington. It is but the repetition of the age old fight between Democracy and Republicanism. Democracy, the party of the masses, believes in taxing the classes. Republicanism, the party of the classes, stands for taxation of the masses.

The voters of Kentucky would do well to watch the outcome of the fight in the House, and see for themselves how the representatives of the two parties line up on it.

The Democratic party has no de-

sire to persecute legitimate business, but it believes that the men who grew rich out of the war should pay

its cost, and that it should not fall upon the great masses of our population.

THE OPPORTUNITY IS UP TO THE PEOPLE

The Advocate is using her best efforts to be of lasting and material benefit to the public. By the co-operation of the voters Mr. T. W. Adams has succeeded in getting sufficient signatures of qualified voters to a petition requesting of Judge Senff that a bond issue be submitted to the people for their decision. Upon the results of the votes of the people the question of whether Montgomery county will or will not have good roads depends. We are hoping, as the indications point, the vote of the people will be unanimous. Good Roads we must have, and that the burden in securing them may fall on all alike the bond method is the only just way to proceed.

BOOTH FARM SOLD

Jesse C. Booth, formerly of this county, sold last Saturday his farm of about 148 acres and all growing crops in Bourbon county, for \$475 per acre, making an excellent profit on his purchase of a few weeks ago. Mr. Booth and family were here on

Monday looking around for a location and it is hoped by their many friends that they will return to old Montgomery to live.

Lime in any quantity can be had at the Mt. Sterling Commission and Storage Co.

Racing Program for Montgomery Co. Fair

The following race program has been prepared for the Montgomery County Fair to be held in Mt. Sterling the week of July 21-24, inclusive, and is one of the best racing programs given by any County Fair in the South. On the opening day, which will be known as Derby Day, there will be a thoroughbred running race for \$500, and one for \$200, with the 2:25 pacing race for \$350, and the 2:30 trotting race for \$400. On the second day there will be three thoroughbred running races for \$200 each, a two-year-old trot for \$300 and a 2:13 trot for \$400. On the third day there will be a three-year-old trot for \$300 and a 2:14 pacing race for \$400 and three thoroughbred running races for \$200 each. On the last day there will be a 2:18 trot for \$350 and a 2:18 pace for \$400, with two thoroughbred running races for \$150 each and the Mt. Sterling Oaks, for a purse of \$300. Also a mule race and a fox chase. In addition to the racing program the association is offering excellent premiums for Shorthorn and Hereford cattle with the following classes:

Suckling heifer, yearling bull, yearling heifer, yearling cow, 2 years old and over, heifer, 2 years old, never having been bred, bull, 2 years old and over, cow and calf, male, any age, female, any age, and the following sweepstake classes:

Cow and calf, any beef breed, male, any beef breed, any age, female, any beef breed, any age, suckling, either sex or any age.

It is now up to the stockmen and cattle raisers to prepare their cattle for these exhibits and make the cattle show the best one held in Central Kentucky. We hope that all stockmen will join in the cattle exhibits.

From every indication the Fair promises to be one of the best ever given by the association. Begin to boost the Fair now.

PAUL JONES WINS THE DREBY WORTH \$30,375 TO WINNER

To the accompaniment of a roar that fairly split 50,000 throats, Captain Ral Parr's brown colt, Paul Jones, by Seaking—May Florence, won the forty-seventh running of the classic Kentucky Derby, in a bruising finish with Harry Payne Whitney's Upset in Louisville Saturday afternoon. Third money was taken by On Watch, while Damask, another of the Whitney horses, was fourth.

It was a splendidly run race from all viewpoints, with little or no crowding, considering the great size of the field. Riding to orders and never making a mistake, little Tommy Rice, the jockey astride the winner, made every post a winner, and yet had enough left to stall off the furious eleventh-hour rush of Upset, and pull gallantly away a short distance from the finish after it looked like the challenge of the Whitney horse would go through.

The purse was worth \$30,375 to the winner, which paid \$34.40 for a straight ticket; \$12.30, place, and \$6.60 show in the mutuels.

Captain Parr was in a box directly opposite the finish and both he and his trainer, William W. Garth, were accorded an ovation after their great win.

AUTO THIEF RELEASED ON THOUSAND DOLLAR BOND

Emmett Blanton, Madison county, who was arrested at New Albany, Ind., and taken to Winchester for trial on a charge of stealing an automobile belonging to Fred Osborne, of Clark county, was released on a \$1,000 bond, furnished by his uncle.

The car was taken Sunday night from Main street, opposite the Winchester garage. Blanton was arrested when he attempted to sell for \$15 a new \$50 tire and inner tube from the rear of the machine, to a garage owner. The man became suspicious and reported the matter to the police, who made the arrest.

A telegram to Frankfort elicited the information that the car was the property of Fred Osborne, and a message of inquiry led to the recovery of the machine.

Young Blanton is known in Mt. Sterling, having been in the employ of the Mason-Hanger Co., and was engaged in concrete work on the Sims farm at North Middletown for several months.

THE MARKET PLACE

PERSONALS

Lester McLaughlin, of Louisville, was here yesterday.

William Huls and Lewis Glover were in Salt Lick Monday.

Miss Eliza Harris left this morning for a visit to relatives in Tennessee.

Miss Dessie Stamper has gone to Fort Thomas for a visit with Mrs. H. C. Brison.

Mrs. George R. Snyder and son, George, Jr., are visiting friends and relatives in Louisville.

Earl Rose, of Olive Hill, has returned home after visiting John and Gilbert Thomas on Harrison ave.

Clyde Alexander, son of Dr. S. C. Alexander, of Salt Lick, is here in the interest of the State Roads Department.

Mrs. R. G. Stoner will go to Louisville Thursday to be present at a reception of the Colonial Dames given in her honor.

Mrs. R. G. Stoner, who has been so seriously ill for many months at the hospital of Dr. Curran Pope in Louisville, has returned to her home and her many friends are glad to see her well again.

Miss Lucy C. Smith, who has been in St. Petersburg, Fla., since December, will arrive home the last of the week. She will stop en route for a visit with Rev. E. E. Bomar at Hendersonville, N. C.

Gilbert and John Thomas and Earl Rose have gone to Red River for several days' fishing trip. They were accompanied by Col. W. D. Henry, of this place, who holds the honor of being the champion fisherman of Montgomery county.

H. B. Kingsolving, Louisville is here.

Miss Forest Freeman has returned after a two-weeks' visit to her aunt, Mrs. Minnie Freeman in Newport.

Miss Ruth Kelly is home from the University of Kentucky on business.

Mrs. Elgin Sharp, Miss Lou Bradshaw Sharp and Elgin Sharp, Jr., of Sharpsburg, were visitors here on Wednesday.

EGG PRODUCING FEED

Have you tried the Suggarine Poultry Feed? It is an egg-producer. Have been selling only a few weeks and have the most favorable reports. Mt. Sterling Commission and Storage Co.

THE SICK

Little Tom Seott, Jr., is quite sick at his home on the Levee pike.

Mrs. C. W. Howe has been quite sick at her home on High street for the past several days.

Mrs. Louella Norris, our popular community nurse, has returned from Lexington with her son, Clyde, who has been dangerously ill in a hospital in that city. The many friends of Mrs. Norris and her son will be pleased to know that he is very much improved and that his recovery is now assured. They are now making their home with Mr. and Mrs. W. P. Apperson.

INTERRED IN MACHPELAH

W. P. Gordon, who died in this city Sunday night, was interred in Machpelah Cemetery on Wednesday afternoon.

For a nice juicy steak or tender roast, try the Wilson Meat Market.

SOCIAL EVENTS

Mrs. J. C. Graves and Miss Laura Graves entertained the Tuesday Club at their home on the Paris pike yesterday afternoon.

The Junior Department of the Woman's History Club will have its last meeting for the club year at the club rooms Tuesday night. All members are urged to be present and bring their dues so that the treasurer may close the books.

Mr. and Mrs. L. E. Griggs entertained with a beautiful dinner on Sunday at their home on Holt avenue. The guests were Rev. R. C. Goldsmith and Mrs. Goldsmith, Dr. J. L. Clark and Mrs. Clark, Rev. Carson Taylor, of Louisville, and Mrs. Jennie Thomson.

State Central Wool Auction

A unique and what is expected to prove a very effective plan for marketing the 1920 pooled wool crop of Kentucky has been devised by Professor John R. Humphreys, head of the Department of Markets, University of Kentucky, Lexington, and it will be tried out on June 15th, according to present arrangements.

Professor Humphreys' plan, which has the sanction of the federal authorities at Washington, provides for a State Central Wool Auction Sale, to be held at one of the mammoth tobacco warehouses in Lexington on June 15th, in which all of the wool-producing counties of the State will participate.

Already about twenty counties have organized a county wool pool, and nearly 500,000 pounds of wool has been pledged. When all returns are in, it is expected that this pooled wool will approximate 1,000,000 lbs.

Not all of this wool, however, will be taken to Lexington for the big sale on June 15. The plan of Professor Humphreys involves a more convenient and economical arrangement. A government expert from the Department of Agriculture at Washington will be detailed to come to Kentucky and grade all wool in the various county pools, according to government standards. This expert is expected to arrive there on May 17th, and in co-operation with the Department of Markets, will begin at once the work of grading the wool, visiting each county which has a wool pool for that purpose.

When the grading of the wool is completed, a 50-pound sample of each grade will be sent to the State Central Wool Auction Sale at Lexington June 15th, and the sale of the entire wool pool of the State will be made from these samples, the prospective purchaser being guaranteed that his purchase will match the sample in quality.

A number of years ago this plan was tried for the sale of burley pooled tobacco and proved to be quite a success; but this will be the first time that the method has even been applied to the marketing of wool in the United States, and for this reason is regarded as unique and somewhat experimental.

Wool at present is quoted at from \$1.05 a pound for fine grade, down to 25 cents a pound for "braid." Hence, grading the wool will be a very important feature of marketing the crop this year, for on proper grading will depend very largely the price that the grower will receive for his crop.

In past years several Kentucky counties have had wool pools, but this is the first time that an attempt has been made to assemble the holdings of these various pools and hold a great open auction market for the sale of the State's entire crop.

ARE WE HAPPY BECAUSE WE SMILE?

One of the modern writers of psychology makes the startling assertion that we don't smile because we are happy, but are happy because we smile; and, vice versa, we don't cry because we are sad, but are sad because we cry.

I must say I don't believe 'this.

CARRY ON

WE are not going back to jeans pants and 50c wheat; the old spring wagon and the old iron-tire buggy are a thing of the past. The mule that once shied from the horn of an auto now licks the gasoline off the tank. These new conditions are sudden, it is just like jumping from brogans to patent leather and making it in one jump.

THERE is just one thing, though, that we must get into our system, and that is that we will be a great deal older before clothing prices will come down. Prices will be higher for fall and every condition points for still higher prices for Spring, 1921. Labor is well organized and entrenched and demands a fair compensation for its work. Tailors and shoemakers are not made in a day and but few young men are learning trades of this kind.

SO we say prepare, buy for now and the coming season. Take advantage of our offerings from week to week. We now have on sale 75 all-wool double-breasted and single-breasted, plain and belted suits at \$32.50, some silk and some are alpaca lined, and all are half lined. These garments will cost just \$7.50 more in other stores. While they last here, \$32.50 the Suit.

DUNLAP Oxfords, the shoe that holds and fits the foot. We are making a special drive this week on Dunlap new pointed toe Oxfords in genuine Russian calf, in Tan Ox Blood, and in Chocolate shades \$10.00 the pair, all sizes and widths to fit the foot. Actual \$12.50 value.

STETSON'S newer hats are on sale this week in the small shapes, in latest hues of brown, tan and myrtle green. See them.

IF you are going away this season you will need a trunk, a suitcase, or a bag. We wish to say to you that we are showing the finest line of these goods ever brought to Mt. Sterling. We have Hartman's Superb Wardrobe Trunk, the finest made, at \$50.00, \$60.00, \$70.00 and \$80.00. These trunks have all the appointments that one could ask. Beautiful Walrus Bags and Suitcases from \$10.00 to \$50.00.

A look in this store is a story of good merchandise. Many Specials for Court Day, May 17th.

J. R. GORDON

Except just this far—if you will make yourself smile when you don't feel like it, and keep it up, the reflexes of that familiar act will help reproduce some of the good cheer you lack. Likewise, if you try to control your voice and keep it even

and pleasant, when you don't feel a bit even and pleasant, you will begin to gain some of the strength of the temptation you have resisted. And so on down the line.

You can sneer at this sort of "new thought," if you will, or you can car-

ry it to reduction ad absurdum. But, just the same, there is in it a certain undeniable truth, and the wise and open-minded person uses that truth just as he uses all truth.

Bankers Brand Treaty Delay a Radical Crime

Delay in concluding a treaty of peace, either for individual or political reasons, was characterized as "a crime against civilization" in resolutions adopted by the Executive Council, American Bankers' Association.

The bankers declared that the future wellbeing of the United States as well as the welfare of the world depended on the resumption, with all possible speed, of peace time conditions, which cannot be accomplished until terms of the treaty have been agreed upon.

The association's attitude toward labor was described as being "a fair return for services rendered," but it was asserted that through present tactics "labor in effect is striking at itself and not at capital."

Legislation was urged which would prevent a well organized minority from interfering with the rights of the majority, profiteering being denounced as "an expression of a selfish minority that must be sternly checked."

The financing of the soldier relief program by retroactive taxes was declared to be unsound, in the opinion of the council, which recommended that payments to veterans should be made over a period of from two to ten years.

Substitution of a specitly devised sales tax to replace the present excess profits tax and early appointment of new members of the Interstate Commerce Commission so that railroad relief might be quickly provided under the Esch Act, were among other resolutions adopted.

What is the Matter With That Child?

When Children Grow Pale and Listless Their Blood May be Weak

PEPTO-MANGAN MAKES RICH RED BLOOD
Sold by Druggists in Liquid and Tablet Form—Both the Same in Medicinal Quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not a deep-seated disease, but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.—Advertisement.

Print Paper Cost Is Going Higher

Further advances in print paper prices are to be made by the International Paper Company on July 1, said a telegram from Chester W. Lyman, vice president of the company, which was presented to the Senate Committee investigating the paper shortage.

The message, addressed to Joseph Pulitzer, Jr., publisher of the St. Louis Post-Dispatch, follows:

"Alarming rise in prices for pulp wood, other raw materials and mill supplies, together with inevitable increase in transportation charges, will necessitate a higher selling price for last two quarters."

"Impossible to foretell extent of increase on account of uncertainty of conditions. Increase in cost likely to continue until turning point is reached in general industrial, social and financial conditions."

"Only remedy for present trouble is rigid economy by publishers in their use of news print. It would be the height of folly for government to attempt to regulate or lower spot market, onerous as it may appear, as it would result in diversion of many specialty mills now making news print to their normal product. This addition to present news print supply, stimulated by the high prices of the spot market is estimated at about 100,000 tons a year."

"High spot market prices largely warranted by scarcity of raw material and corresponding high prices. In most cases believe the profits are not inordinate. Small publishers must be helped out by larger consumers protected by contracts."

LIBERTY BONDS POPULAR

Public is Awakening to the Fact That They Are the World's Best Investment

Indication that the public has ceased to be a spendthrift and is again inclining toward thrift and sound investment is seen in the heavy inquiries for small denomination Liberty Bonds at banks and brokers throughout the country.

The demand has reached the Treasury Department, many dealers having exhausted their available supply of the "popular" sizes of these securities, it was announced today by the Savings Division of the Treasury Department.

To supply the large "over the counter" demand for \$50 and \$100 bonds at present favorable market prices, the Treasury Department has issued instructions to the Federal Reserve Banks which will expedite exchange of bonds of larger denomination.

WOOL WANTED—Highest Price Paid. Get our sacks at Sullivan's Poultry Yard.—L. W. LEE, TOM GREEN. (4t-tt)

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges, and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure \$23.50
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$21.50
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

"THE BRIGHT SPOT IN TOWN"

CONDITIONS NOT CHANGED BY RAILROAD STRIKE

We believe that it was not intended that this strike should win nor that the next railroad strike shall win, although the next one will probably be far more serious than this one. We believe the definite plan of those who are forcing these strikes is by their failure to create a spirit of enmity, hoping thereby to develop such bitter hatred in the hearts of laboring men as to make them ready to join the forces which are seeking to overturn and destroy the government. If two

or three more strikes are called on railroads, as will probably be the case, and the men grow more bitter as they are defeated, carrying out in this respect, although unknown to the men, the definite plan of the Bolshevik leaders, there will be developed a widespread class hatred against which the country needs to be warned.

We must prepare now to meet all of the difficulties which we shall certainly face when new strikes are called and railroad transportation is again halted. These strikes will mean higher cost of foodstuffs, higher cost of materials of all kinds, hundreds of thousands of people thrown out of employment and a halting of all the business activities of the nation.

It is easily conceivable that two or three strikes of this kind, each

practically called off through the instigation of the leaders, will result in widespread unrest and almost of anarchy.

This is the situation which the nation must face, and we must be prepared to meet every strike and to enact legislation as will make strikes in public service corporations an impossibility. There should be no more right on the public service employees to strike and bring chaos to the entire public than there should be the right on the part of soldiers to strike. The man who enters a public service corporation does so of his own volition. He becomes a public servant almost as much as a soldier or a policeman. A strike on the part of any of these classes should be prevented by law, and law rigidly enforced. Men who enter public service employment do so voluntarily, and they enter it with a distinct responsibility toward the public. When they fail in that responsibility by seeking to block the transportation and to starve people, they commit a crime as great as that of a soldier who deserts the army which he has sworn to help maintain.

Preparedness to meet the emergencies of individual and national life can alone save from destruction or at least from great losses which might have been prevented by preparedness. The nation must be prepared to meet every issue which is raised when public service employees undertake to strike. No one would deny the right of any one man individually to withdraw from employment, but when he joins with other men in forming a conspiracy to bring about a general strike of all, and then seeks to prevent independent men from working, he becomes a criminal and should be punished as such.

This is the issue which this country must meet, and meet very promptly and very firmly, without regard at all to the ranting demagogue politicians who are constantly seeking to mislead the country and win the applause of the mob spirit, and hoping

thereby to maintain their political power.

Did "Marse Henry" resign from the Courier-Journal because he didn't want to be Editor of a republican paper?

H. H. PIEPER AT HAZARD

August first is the date fixed for the H. H. Pieper Co., 10, 15 and 25c Store at Hazard. A two-story brick

building is now nearing completion for this company. It is to be 42 feet front by 140 feet deep and is located in the most popular part of the city. Already \$20,000 of stock has been taken by Hazard capitalists and the outlook for this link in the Pieper chain of stores is most favorable.

BOY ACCIDENTALLY HANGED WHILE PLAYING WITH SWING

Playing with a rope swing in the yard of the home of his playmates, Jessie and Lorraine Hayes, at the corner of North Limestone and Fifth streets, Lexington, Ky., George William McWhorter, 14 years old, a student in the Morton junior high school, accidentally hanged himself Monday night shortly after 9 o'clock.

The boy was found with the rope around his neck, his feet doubled up so that they did not reach the ground, by young Adrian Jameson and Jessie and Lorraine Hayes, when they came out of the house, where they had gone, leaving the boy alone but a few minutes. The body was still warm. Death was due to strangulation, as the boy's neck was not broken.

George McWhorter is the son of Mrs. Anna McWhorter, a widow. He is survived, besides his mother, by six sisters—Miss Say McWhorter, principal of the Center Hill High School, Bourbon county; Mrs. Emmett Mastin, 442 North Upper street, Lexington; Mrs. Shirley Collins, Carlisle; Mrs. A. V. Combs, Denver, Col., and Misses Dorothy and Virginia McWhorter, who live with the mother.

American Legion Week

The Governor of Kentucky has issued the following proclamation:

The week of May 17th to 22nd is hereby set apart as "American Legion Week" in the Commonwealth of Kentucky.

During this week it is the purpose of the National and State headquarters of the American Legion to make an energetic attempt to reach every soldier of the Great War for the purpose of enlisting him as a member of the American Legion.

I respectfully urge that every citizen co-operate in this movement; give it all publicity and that every soldier entitled by his service and sacrifice to participate in this order shall enroll himself as a member of this great American association. Signed Edwin P. Morrow, Governor of Kentucky.

May 11th, 1920.

A Mansfield flour shipment is en route for this place, and is to be handled exclusively by the Mt. Sterling Commission and Storage Co.

Fine, rich cream at R. C. Lloyd's.

BIG ICE CREAM PLANT PRODUCTS TO BE HERE

In this issue we call attention of our readers to an advertisement of the Dixie Ice Cream Co., which is located at Lexington and is now open for business. This is said to be the most modern ice cream plant of the South, or any other place, as to that. Mr. J. H. Batterson is superintendent. This plant has capacity of 1,000 gallons per day. The building is concrete and steel with 7,225 square feet of space; is located on the C. & O., and is easily accessible to all shipping points and the machinery was furnished by the Creamery Packers Company, of Chicago. This plant is also furnished with a laboratory for the testing of cream. It is strictly sanitary and all creams from this place are pure. It has four 250-gallon Bryan freezers and a 25-gallon freezer of the ice and salt type in order to supply special orders. The traveling salesman is Mr. Gene Sullivan and he will be here at an early date to give our dealers an opportunity to supply their trade from a system that furnishes pure products from a sanitary plant.

WOOL WANTED—Highest Price Paid. Get our sacks at Sullivan's Poultry Yard.—L. W. LEE, TOM GREEN. (4t-tt)

SELLS INTEREST IN FARM

Mr. F. E. Mann sold Tuesday a one-half interest in his farm of 92 acres near Carlisle to E. S. Mollar at about \$250 per acre. In the trade Mr. Mann takes in a livery stable on West Main street for \$8,500. Mr. Mollar purchased the stable last fall.
